No I haven't. I am in Anchorage today and could meet this evening or I will see you at the meeting.

Richard,

Did you hear from Naknek?

Lisa

Hi Lisa,

I presume Naknek will come to Iliamna. Can we use a room there in your offices to meet with them?

Hi Lisa,

The session can be any reasonable length.: an hour to two hours. I guess it depends on the flight back to Anchorage and the number of groups you invite.

At Pebble, I mostly talked on the phone with Mike Heatwole. I am going to call him right now and figure out the details.

I sent essentially the same message to Dillingham that I sent to you. I cut and pasted and changed names.

I will call you when I know more from pebble.

Thank you

Rick,
How long is the session?
Also, would you send me the context of the emails you sent Dillingham and pebble about the sessions.
We will set up the meeting. I cc'd Leon and Naknek tribal would like a meeting.
Lisa

Hi Lisa,

Lek Kadeli is the EPA Assistant Administrator for the Office of Research and Development (ORD). He reports to Lisa Jackson and is in charge of our science. He wants to come to Bristol Bay and I am trying to set it up. He will probably get to Anchorage on Friday evening August 10. I am trying to set up a trip to Pebble for either Saturday the 11th or Monday the 13th. After the mine I would like to have him meet with people from Iliamna and Newhalen to hear one side of the Bristol Bay mining issue and then I would like to take him somewhere else (probably Dillingham) to hear another side of the story. You wouldn't have to create a big public meeting, just a small discussion with folks from Iliamna or Newhalen would be very helpful. Would you be interested and would you be able to do it on Saturday, the 11th or Monday the 13th? I will call or send you a message when I know if Pebble will take us to the mine site and on which day. I can't find Raymond's email but I can contact him after I hear if you are interested.

Thanks Lisa
